

To get counted for attendance/participation on Wednesdays, log onto CANVAS by 12pm on Wednesdays to get marked as participated for Wednesday attendance.

Please note: You CANNOT get help on a quiz or test (from any teacher, instructional aid, family member, another student, tutor or online tutoring service) once you elect to take a test or quiz. Opening up (clicking on) a quiz or test link means you have elected to take the test or quiz. Also, you CANNOT help or share your quiz/test with any other students at school.

How to turn in quizzes/tests...

- 1) Remember that you do not need a printer to do your quiz/test. You can do the work on separate sheets of paper and take pictures of each page.
- 2) All work must be shown with answers circled or boxed.
- 3) If no work is shown, you will not receive credit. The problems will be marked wrong if no work is shown or if left blank.
- 4) Use your SEQ email only and on the subject line, type your class period and quiz/or test number. Make sure your SEQ email account has your full school name on it, or I will not know who you are and it will be forwarded back to you ungraded.
- 5) Only 1 email for each completed test or quiz. Upload & email pictures of your FULL quiz/test from your SEQ email to my direct email at medelgado@seq.org .

If you have no printer, make sure the following is written on every page of your test or quiz:

- 6) Your FULL first and last name (on every page).
- 7) Test or Quiz # (on every page)

All weekly quizzes/tests can be found in the homework section of our class website (www.MEDelgado.com/math) as well as on Canvas. All quizzes/tests will be highlighted in WHITE.
